# *Dedication*

We write the record of our lives on the scroll of time. Memories of friends we have made, ecstasies we have lived, and unsullied joys we have felt, through the past school year, from the pages of this book.

Lest we forget, let us pause from time to time and turn the pages of this book to live again past thrills, remember friends, and recall pleasant associations.

MARINE P.F.C. JACK W. KELSO

No greater love hath any one according  
To God's plan than he who layeth down his  
Life to help his fellow man.

We, the students of the class of 1954, at Caruthers Union High School, respectfully dedicate this year's La Puerta to the memory of Marine Private Jack William Kelso, a former student at our school and winner of the Medal of Honor, our Nation's highest award for bravery.

The medal was presented posthumously to Jack's parents, Mr. and Mrs. William A. Kelso, and the citation accompanying it reads as follows:

For conspicuous gallantry and intrepidity at the risk of his life above and beyond the call of duty while serving as a Rifleman of Company I, Third Battalion, Seventh Marines, First Marine Division reinforced, in action against enemy aggressor forces in Korea on October 2nd, 1953. When both the platoon commander and the platoon sergeant became casualties during the defense of a vital outpost against a numerically superior enemy force attacking at night under cover of intense small-arms, grenade and mortar fire, Private Kelso bravely exposed himself to the hail of enemy fire in a determined effort to reorganize the unit and to repel the on rushing attackers.

Forced to seek cover, along with four other Marines, in a near-by bunker which immediately came under attack, he unhesitatingly picked up an enemy grenade which landed in the shelter, and rushed out into the open and hurled it back at the enemy.

Although painfully wounded when the grenade exploded as it left his hand, and again forced to seek protection of the bunker when the hostile fire became more intensified, Private Kelso refused to remain in his position of comparative safety and moved out into the fire-swept area to return the enemy fire, thereby permitting the pinned-down Marines in the bunker to escape.

Mortally wounded while providing covering fire for his comrades, Private Kelso, by his valiant fighting spirit, aggressive determination and self-sacrificing efforts in behalf of others, served to inspire all who observed him. His heroic actions sustain and enhance the highest traditions of the United States Naval Service. He gallantly gave his life for his country. In addition to the Medal of Honor Private Kelso won the Silver Star and the Purple Heart, and was awarded the Korean Service Medal with two Bronze stars and the United Nations Service Medal.

## SUPERINTENDENT'S MESSAGE

This Annual has been dedicated to Private Jack Kelso, a United States Marine, who was awarded the Congressional Medal of Honor, posthumously, for gallantry in action in Korea.

Private Jack Kelso was a former student here at Caruthers Union High School, and it was my pleasure to have been Jack's teacher and counselor at various times during his schooling here. Private Kelso was a good student in school, but felt that he had a greater duty to perform for his country. This duty was carried out by the courage Private Kelso displayed on the battlefield in Korea. Private Kelso received the United States highest awards, the Congressional Medal of Honor, the Silver Star, and the Purple Heart. It is gratifying to know that our Annual staff and their advisor were very conscious of the greatness performed by Private Kelso to his country and his fellow classmates, and that the dedication was made to Private Kelso. May his greatness never be forgotten by his many friends.

Mr. Anderson

The marks of an educated man or woman have often been described, but they elude exact definition. No diploma can enforce credentials that the graduate himself fails to demonstrate by his manners, his conversation, and his readiness. No lack of a diploma can prevent ultimate recognition of the person who has the real essentials which school has tried to impart.

Hence it is always with a certain modest disclaimer that a school administrator bids God-speed to a graduating class. Nobody can realize better than your principal how much might have been done for you, and in how many ways we have fallen short of our ideal of helpfulness to all students.

Our age has been criticised for "materialism", "immaturity" and "anti-intellectual bias". These are not the marks of Caruthers alumni of my acquaintance. My conviction, rather, grows stronger each year, that maturity and respect for the ennobling things of life characterize the spirit of the Caruthers tradition.

To that enduring and transforming spirit I commend your loyalty, knowing that it will grow steadily stronger and more significant throughout your lives.

C.S.F. To Attend  
Campbell State C

A special meeting held Wednesday, March 10, 1954, in Winocor's room during the noon hour. Plans for the trip to California, where the C.S.F. Convention will be held, were discussed.

The Caruthers division of the C.S.F. plans to attend the State Convention to be held in the middle of April, jointly with Edison High School. This Convention which includes a schedule of many varied and interesting activities will be attended by Caruthers for three days. Schools will be represented at this State C.S.F. Convention from all over California.

Saturday, March 6, the Caruthers attended the Central California Conference held at Washington.

We sincerely hope that the trip will be a successful one. We will be starting our trip to visit your school again. If you can take this opportunity to visit our school again, we should regard it as a very high honor. We should like to apologize to anyone who we should see there. We just as if nothing had happened. \*\*\*\*\* Band For
